Thank you for taking the time to attend this OCS Lebanon Orientation Session today!

Our aims for today

- **To clarify understanding** of the aims, scope and timeline of the Oxfam Lebanon One Country Strategy (OCS) planning process that we are launching this week, and to share and respond to questions, concerns and possibilities
- **To demonstrate the facilitated participatory approach** that is proposed, and consider how it might best be applied to ensure a successful OCS process – and also in future and in other ways within Oxfam in Lebanon
- **To share proposals** for people to join an OCS Steering Group, and consider how to best to share the understandings and experience gained in this session with all those of Oxfam in Lebanon who have not been present themselves
- **To build confidence, enthusiasm and commitment** to work together across boundaries toward a One Country Strategy for Oxfam in Lebanon, and toward one Oxfam in Lebanon.
